

Diagram illustrating the layout and dimensions of a login form. The form is centered on a light gray background. The overall width of the form container is 570px. The form itself is a white rectangle with a height of 67px. The "Log in" text is positioned at the top left of the form, with a font-size of 32px. Below it, the "Email" input field has a width of 60px and a font-size of 16px. The "Password" input field has a height of 45px and a width of 450px. The "Log in" button is a green rounded rectangle with a height of 42px and a font-size of 14px. The button is positioned 60px below the password field.

For input fields :

- Outline in green when focused (see CSS property outline)
- Outline in red when the email input is invalid (use CSS color red)

See input "placeholder" attribute in order to do the placeholders

Both input fields must be "required", you cannot submit the form if they are empty, or if the email is invalid
